# MERCHANTE℠

MerchantE for SuitePayments.

It's already in NetSuite. Just Turn It On!

Accept Credit, Debit, Pre-paid and ACH payments within native NetSuite

— **Streamlined Accounts Receivables**
Add the MerchantE Link-to-Pay to your NetSuite invoices and quotes to to get paid faster and more securely, with payment logged on NetSuite customer record.

— **Automated reconciliation**
Reconcile payment card and ACH transactions with bank deposits all on one NetSuite screen.

— **Cost-saving options for B2B and B2G transactions**
Take advantage of savings for Level II and Level III processing on eligible transactions.

— **Convenience of card present acceptance**
Enjoy the speed and accuracy of card present payments with devices that enter in NetSuite the card details for NetSuite ERP and SuiteCommerce InStore transactions.

"We're able to handle many more transactions with the same staff... we're carrying a much lower receivables balance even though our total volume of business is higher."

Aimee Gilbreath, Executive Director, Michelson Found Animals Foundation
